# Preamble

**A conference is not just about organization and registration, sessions and meetings. Each conference is an event, in which people are actors.**

**The 17th AutoCarto Conference was the “mini - ICA conference” with an attractive program and a great variety of sessions, meetings and actors. The illustrated atlas ("Bildatlas" in German) “AutoCarto 2012: selected photo-moments” is a semiotic model dominated by photographs. This Bildatlas presents “quadruple photograph compositions” as selected moments of the conference in Columbus.**

**I hope these atlas-related moments document and retain pleasant reminiscences of the 17th AutoCarto Conference on September 16-18, 2012 in Columbus, Ohio, USA.**

Columbus never came here, but  
when the city sleeps, what our  
dreamers discover is that we have  
always created our own
